

# Intuit ProLine™ Tax Research

Save time and money finding the right answers with the new web-based tax research product from Intuit, powered by BNA

SEE HOW THE NEW INTUIT PROLINE TAX RESEARCH COMPARES TO THE OLD INTUIT RESEARCH LIBRARY TOOL:

	Old Intuit Research Library Tool	New Intuit ProLine Tax Research Product
Content	No state content, difficult to use	<b>Powered by BNA, a trusted leader in research</b>
Format	Only available via CD through 2010	<b>Web-based and updated frequently and automatically</b>
Pricing	Annual or quarterly subscription	<b>\$849 unlimited annual subscription (with no extra fees for networks or users per office) or pay-per-use just \$19.95</b>

## FEATURES & BENEFITS

Feature	Benefit
+ <b>Simple-to-use keyword searches</b>	Use keyword search similar to Google or Yahoo to simultaneously search sources
+ <b>Works within your Intuit ProLine tax software program</b>	Reduces “toggle time” for increased efficiency and productivity
+ <b>Federal, state, compliance and case-related content</b>	Instantly access information, including state-based summary codes for all 50 states
+ <b>Content automatically updated via passive feed</b>	Always updated for accuracy and peace-of-mind
+ <b>Unique context-sensitive content</b>	Brings relative information to your fingertips as you work
+ <b>Append content to individual return</b>	Save for future reference and keep data intact for audit trail

Intuit ProLine Tax Research powered by BNA can be purchased via annual subscription or pay-per-use and is priced to offer competitive value for full-service or tax-driven firms.

# Intuit® ProLine™ Tax Research

**New real-time tax research right at your fingertips – without leaving your Lacerte® or ProSeries® program!**

**Switch to Intuit ProLine Tax Research to save up to 50 hours during tax preparation\* with one innovative solution.**

Intuit ProLine Tax Research powered by BNA is a comprehensive web-based tax research product designed for professional accountants who need relevant, real-time answers to tax-related questions, all within the context of the clients' return. This powerful new tool enables instant access to reliable research on updated federal and state compliance and planning information.

In partnership with BNA, a trusted leader in research, Intuit ProLine Tax Research offers dynamic, robust content conveniently embedded within Intuit's tax programs for easy access. With fully-integrated, context-sensitive links on all forms and input screens in both Lacerte and ProSeries, tax professionals can use Intuit ProLine Tax Research without toggling between multiple programs, screens or offline searches, saving time and optimizing productivity each tax season.

Intuit ProLine Tax Research content is updated frequently and automatically, for the right answers, right when you need them.
